II.	Welcome and Introductions Williams	Karla Gutierrez/Jacque
x	Introduction and roll call of the Board	
x	The Chairperson Karla Gutierrez called the meeting to order and roll call was taken	
III.	Public Comment: Dr. Jacque Williams introduced herself as the SELPA Director and gave an update on the needs being addressed by the Special Education department. The public was given 3 minutes each for question and comments. Several parents were new in the meeting, each had a chance to introduce themselves and ask their questions. The first parent inquired about resources for her two VI children. Another parent asked about how medications were distributed to students since her child has a genetic heart condition. The third parent's concern was if there is a nurse available at her child's school site all days since her child had epilepsy episodes. Dr. Jacque was able to address these questions. Nurses and LVN's go from site to site to administer medications, shots and different medical needs, but health assistants are at school sites on a daily basis. While the last parent asked how she could get more information and get more involved in CAC.
